

January 12 ,2022

Dear Sirs and Madams,

We hereby attached a call for applications for the October 2022 Admission and April 2023 Admission Global Engineering Program for International Students (GEPIS) of the Graduate School of Engineering at the University of Fukui. The GEPIS, which is a two-year Master's Course, provides an opportunity for international students to study various fields of engineering in English. We would appreciate very much that you announce this to students in your institute and encourage them to apply.

In the program 2022-2023 and 2023-2024, GEPIS will cover all the Master's programs of the Graduate School of Engineering at the University of Fukui.

Also kindly note that all the complete forms for October 2022 Admission shall be in our hands by April 20, 2022, and for April 2023 Admission by October 19, 2022

Please see the following links for details:
